

NIELIT DEBATING SOCIETY:

Introduction:

The purpose of this proposal is to advocate for the establishment of a debating club or society with our college. Debating fosters critical thinking, public speaking skills, and the ability to construct persuasive arguments, all of which are invaluable in academic, professional, and personal contexts.

Objectives:

1. To provide a platform for individuals to develop their public speaking and critical thinking skills.
2. To promote healthy discourse and respectful engagement with diverse viewpoints.
3. To prepare members for debating competitions and other academic pursuits.
4. To create a supportive community of learners interested in effective communication and intellectual exchange.

Proposed Activities:

1. Weekly debates on various topics, with teams assigned to argue for and against motions.
2. Workshops on debate techniques, argumentation, research skills, and public speaking.
3. Guest speakers from academia, politics, and other fields to provide insights and inspire members.
4. Mock debating competitions to simulate real-world debating scenarios and provide constructive feedback.
5. Participation in inter-school/inter-organizational debating tournaments and events.

Membership:

Membership should be open to all interested individuals, regardless of prior experience or background. Regular attendance and active participation in club activities should be encouraged.

Club Structure:

1. Executive Committee: Consisting of a President, Vice-President, Secretary, Treasurer, and any additional roles deemed necessary. The executive committee will oversee the club's operations, organize events, and facilitate communication with members.
2. Regular Meetings: Held weekly/bi-weekly, depending on the availability of members, to plan activities, discuss upcoming events, and practice debating skills.
3. Communication Channels: Utilize email, social media platforms, and/or a dedicated online forum to disseminate information, share resources, and facilitate discussions among members.
