1. National Institute of Electronics and Information Technology (NIELIT) (formerly DOEACC Society) (hereinafter called “the Purchaser”) invites Financial Bids from pre-qualified bidders for “**Providing Managed Data Digitization Services for the Creation of National Population Register (NPR) for Usual Residents of Rural Areas in India**” in 14 States and 1 Union Territory (As listed at Annexure 5). The detailed scope of work for this assignment is provided in **Section 3 – Scope of Services**.
2. The selected bidder(s) will be called “Managed Service Provider (MSP)” (hereinafter called “the MSP”) for the purposes of this RFQ and for the whole duration of the contract thereof or till selected bidder is fully discharged from his obligations under this project by purchaser, whichever is later.
3. All pre-qualified bidders have to submit only the “Financial Bid(s)” corresponding to the 52 Zones as mentioned in this RFQ. Each Bidder must submit a single bid and provide quotes for individual Zones they are bidding for, in separate sealed envelopes, as per Annexure-2 based on the eligibility criteria prescribed in this RFQ.

4. This 'Invitation to Bid' is only for the following agencies (to be called "pre-qualified bidders"):
  - a. Organizations (single agencies/consortiums) which have already been empanelled by Unique Identification Authority of India (UIDAI) as "Enrolling Agencies" for undertaking demographic and biometric data collection for enrolment of residents. The list of such agencies is available at <http://uidai.gov.in> ;
  - b. Organizations which have been selected as Service Centre Agencies (SCAs) by the respective state governments for rolling out Common Service Centres (CSCs) under the CSC Scheme of National e-Governance Plan and whose contract is subsisting in at least one of the States/UT in the country as on the date of issue of this RFQ and also during the subsequent bid processing and evaluation.
5. In addition to the terms and conditions mentioned herein all the provisions listed out in the Request for Empanelment (RFE) issued by the UIDAI and the Terms & Conditions of Empanelment shall be binding upon the UIDAI empanelled "Enrolling Agencies" participating as bidders for this RFQ.
6. This RFQ document shall be issued only to the above-mentioned pre-qualified bidders and is non-transferable. The notice regarding issue of this RFQ will be sent by email to the authorized contact person of the pre-qualified bidders and will also be published on the website of the Purchaser ([mit.gov.in](http://mit.gov.in), [doeaccchd.edu.in](http://doeaccchd.edu.in), [doeacc.edu.in](http://doeacc.edu.in)). Notice regarding issue of this RFQ will be published in two national news papers and the Indian Trade Journal, Kolkata.
7. **"If during the bid submission period, decision is taken to use the e-procurement solution, the same shall be informed/intimated through corrigendum and the bidders shall have to comply with the same".**
8. Any subsequent corrigenda/clarifications related to this RFQ will be published on the website of the Purchaser at [mit.gov.in](http://mit.gov.in), [doeaccchd.edu.in](http://doeaccchd.edu.in) and [doeacc.edu.in](http://doeacc.edu.in). All such subsequent corrigenda/clarifications shall be binding on the bidders.
9. Pre-qualified bidders are advised to study this RFQ document carefully before submitting their financial bids in response to the bid invitation. Submission of a financial bid in response to this invitation shall be deemed to have been done after careful study and examination of this document with full understanding of its terms, conditions and implications.
10. Pre-qualified bidders will need to submit their Financial Bid(s) – in a bigger sealed envelope containing separate sealed envelopes of financial quotes of each individual zone, at the address mentioned in the **Section 1.2. Important Information**. The formats for Submission of Bids have been given in the relevant sections in this document and shall be followed by the pre-qualified bidder.
11. The Purchaser is not bound to accept any bids, and reserves the right to annul the selection process at any time prior to the award of contract without assigning any

reasons to the bidders whatsoever and without thereby incurring any liability to the bidders.

#### 12. RFQ Document Fees

The pre-qualified bidders shall pay Rs 25,000/- (Rupees Twenty Five Thousands only) in the form of a Demand Draft issued by a nationalized/scheduled commercial bank, drawn in favour of **“The Director, National Institute of Electronics and Information Technology, Chandigarh Centre”** payable at Chandigarh. This fee is non-refundable and shall be submitted along with the response to this RFQ to the Purchaser. The payment of Rs 25,000/- shall be the condition precedent for submitting the bids.

#### 13. Earnest Money Deposit (EMD)

(i) All bids submitted in response to this RFQ document shall be accompanied by Earnest Money Deposit (EMD). Please refer **Annexure 6** for zone wise **EMD amounts in the form of Demand Draft** issued by a nationalized/scheduled commercial bank, drawn in favour of **“The Director, National Institute of Electronics and Information Technology, Chandigarh Centre”** payable at Chandigarh. Bidders bidding for multiple zones need to submit a single EMD for the total cumulative amount.

#### (ii) **Forfeiture of Earnest Money Deposit (EMD)**

The EMD submitted along with the bid shall be forfeited under the following conditions:

- a. If the bid is withdrawn during the validity period or any extension agreed to by the Bidder thereof.
- b. If the bid is varied or modified in a manner not acceptable to the Purchaser after opening of Bid during the validity period or any extended period.
- c. If the Bidder tries to influence the evaluation process.
- d. If the Bidder does not accept the correction of errors in his bid.
- e. If the Bidder is successful and fails to sign the Contract within the time stipulated by the Purchaser.
- f. If the Bidder refuses to take up the job in the assigned zone within the time stipulated by the purchaser.
- g. If the Bidder, having been notified of his selection, fails or refuses to submit the required Performance Bank Guarantee within the time stipulated by the Purchaser.

**(iii) Refund of EMD**

The EMD will be refunded as follows:

- a. In the case of unsuccessful bidders, the EMD will be returned to them without any interest accrued thereon at the earliest after the award of the contract to the successful bidder.
- b. In the case of selected bidder(s), the EMD shall be refunded on receipt of the Performance Bank Guarantee.

## 2 INTRODUCTION

### 2.1 Background - National Population Register (NPR)

The Government of India has initiated the creation of National Population Register (NPR) by collecting specific information of all usual residents in the country during the House listing and Housing Census phase of Census 2011 during April 2010 to September 2010. The NPR is a comprehensive identity database to be maintained by the Registrar General and Census Commissioner of India, Ministry of Home Affairs, Government of India (RGI). The objective of creation of the NPR is to help in better utilization and implementation of the benefits and services under the government schemes, improve planning, improve security and prevent identity fraud.

#### NPR Process

In the NPR process, following details have been gathered by the designated enumerators by visiting each and every household:

- i. Name of the person
- ii. Name of the person as should appear in National Population Register
- iii. Relationship to Head
- iv. Sex
- v. Date of Birth
- vi. Marital Status
- vii. Educational Qualification
- viii. Occupation/Activity
- ix. Name(s) of father, mother and spouse in full
- x. Place of Birth
- xi. Nationality as declared
- xii. Present address of usual residence
- xiii. Duration of stay at present address
- xiv. Permanent residential address

A specimen scanned copy of the NPR schedule is available for download from Census of India website at:

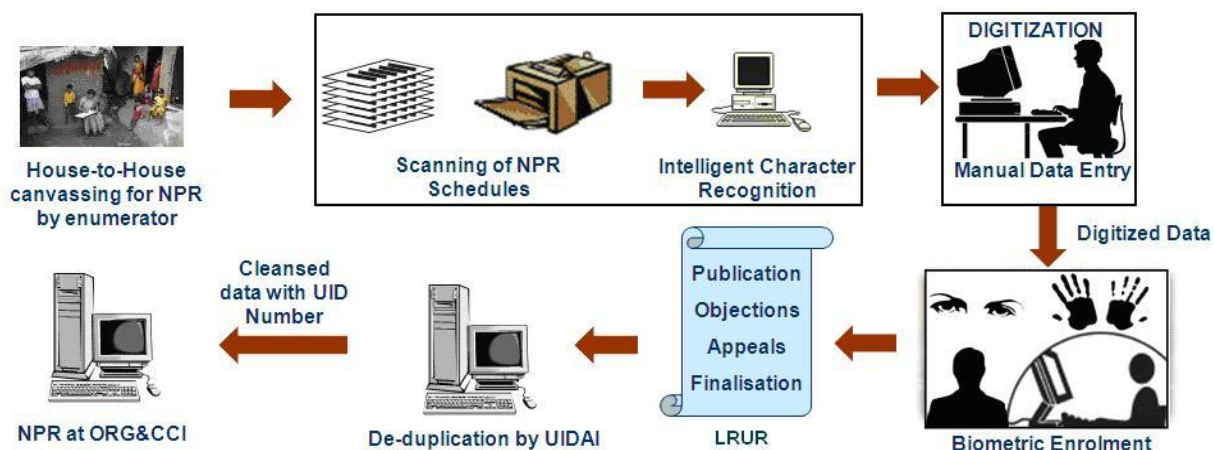

<http://www.censusindia.gov.in/2011-Schedule/Index.html>

The data thus collected will then be digitized in the local language of the State as well as in English. This digitization involves the scanning of the forms (NPR Schedules) and validating the data using Intelligent Character Recognition (ICR)

Software. For this purpose, RGI has established a number of scanning centres across the country. The data thus scanned in the form of scanned images will then be manually digitized.

Once this demographic database has been created, then the biometrics enrolment (capture of 1 Photograph, 10 Finger Prints and Iris scan of both eyes) will be carried out for all persons aged 5 years and above by arranging enrolment camps in every village and at the ward level in every town. The collected data will be printed in the form of LRUR (Local Register of Usual Residents) and displayed at prominent places within the village and ward for the public to see. Objections will be sought and registered at this stage. Each of these objections will then be enquired into by the local Revenue Department Officer/ Census Department Officer/ Municipal Commissioner and a proper disposal given in writing. Once this process is over, the lists will be placed in the Gram Sabha in villages and the Ward Committee in towns. Claims and Objections will be received at this stage also and dealt with in the same manner described above. The Gram Sabha/Ward Committee has to give its clearance or objection within a fixed period of time after which it will be deemed that the lists have been cleared.

The information thus authenticated will then be sent to the UIDAI for de-duplication and issue of Unique Identification (UID) Numbers. The cleaned database along with the UID Number will then be sent back to the Office of the Registrar General and Census Commissioner, India (ORG&CCI) and would form the National Population Register. The diagram below shows the entire process of NPR in a nutshell.

**METHODOLOGY FOR NPR CREATION**

The RGI, MHA has entrusted the work of demographic data digitization and bio-metric collection in respect of 17 states and 2 UTs to the Department of Information Technology. The Department of IT is spearheading the digitization process and envisages the participation of its societies - NIELIT (Formerly DOEACC Society), STPI and C-DAC in this project. NIELIT (Formerly DOEACC Society) has been made Nodal Agency by DIT for implementation of the project. It is estimated that the project will digitize the data of about 62.5 crore population of India and biometric capture of about 56.2 crore people. Biometric includes photograph, all ten finger prints and Iris capture for the population above 5 years age. The digitization of NPR will be done in 6 months. The Biometric capture will be done in 1 year.

**2.2 Role of Department of Information Technology (DIT) in NPR**

The Office of the Registrar General and Census Commissioner, India (ORG&CCI) has assigned Department of Information Technology (DIT) with the responsibility of demographic data digitization and biometric data collection in 17 states and 2 Union Territories of India.

DIT will undertake the following activities on behalf of the ORG&CCI to enable creation of the National Population Register and facilitate the issuance of UID numbers to the usual residents within the states assigned to it:

- **Digitization:** The ORG&CCI will be responsible for scanning and Intelligent Character Recognition (ICR) of the NPR Schedules collected from the field. Once ICR has been performed, the scanned images will be handed over to DIT to complete manual data entry in two languages, i.e. English Language and Local Language of the State.
- **Biometric Enrolment:** Upon completion of manual data entry, DIT will capture biometric data of all residents aged 5 years and above.
- **Data Consolidation and Delivery:** DIT shall consolidate the captured data, including demographic and biometric data, and deliver the same to ORG&CCI for further de-duplication and assignment of UID number by the UIDAI.

DIT recognizes that this assignment calls for organizations which have demonstrable experience in demographic data digitization and enrolment and also requires significant financial commitments from them in order to successfully execute it within the time schedule.

## **2.3 Role of National Institute of Electronics and Information Technology(NIELIT)**

NIELIT (formerly DOEACC Society), an autonomous Scientific Society of the Department of Information Technology, Ministry of Communications and Information Technology, Government of India has presence at 23 locations throughout the country having its Headquarter at New Delhi. The Society has immense capabilities for execution of e-Governance Projects.

For the purpose of ensuring complete coverage of the 17 States and 2 UTs, DIT plans to divide the work of demographic data digitization and biometric data collection into urban and rural areas. DIT intends to leverage the network of NIELIT (formerly DOEACC Society) which has been designated as nodal agency for implementation of NPR Project. The overall responsibility for completing the work of Demographic Data Digitization & Biometric Enrolment of the assigned states/UTs in the urban and rural areas has been delegated to NIELIT (formerly DOEACC Society) by DIT.

## **2.4 Role of CSC e-GOVERNANCE SERVICES INDIA LIMITED**

As part of the existing CSC Scheme under NeGP, the responsibility of establishing CSCs across various villages in all states and UT in the country lies with Service Centre Agencies (SCAs). Under the CSC Scheme, all states and UT have been categorized into zones with each SCA managing one or more zones across one or more states/UTs. There are 71 such zones in the 17 States and 1 UT where NPR activities have to be carried out by DIT. For the rural areas, DIT intends to leverage the network of Common Service Centres (CSCs).

Since CSC e-GOVERNANCE SERVICES INDIA LIMITED has been established as a company under the Companies Act 1956 for the sole purpose of managing the CSC scheme under NeGP, therefore, the overall responsibility of monitoring and supervising of the NPR project in the rural areas of 17 states and 1 UT for demographic data digitization and biometric capturing will be of CSC e-GOVERNANCE SERVICES INDIA LIMITED.

### 3 SCOPE OF SERVICES

The MSP(s) shall provide end-to-end Managed Data Digitization Services to the Purchaser for the purpose of demographic data digitization only for the usual Residents of India in the rural areas of the following 14 States and 1 UT (52 Zones as listed at Annexure 5) of India.

The population coverage for this work is approximately 38.41 Crores (estimated based on 2001 census data as per Annexure-5) usual residents in the rural areas (52 Zones as listed at Annexure 5) in the following 14 States and 1 Union Territory of India.

#### **List of Union Territories:**

1. Dadra & Nagar Haveli

- The Demographic Data Digitization needs to be performed for 100% of rural resident population of the above mentioned 52 zones of 14 States and 1 UT.
- In order to achieve the above mentioned objectives the 14 States and 1 UT have been classified into 52 zones. The composition of the 52 zones with their estimated rural population is provided at **Annexure 5, Composition of Zones with estimated rural population.**
- The Purchaser may select one or more successful MSPs (single bidders or consortiums) to execute the project. The Work Allocation Scheme is explained in detail in **Section 4 – Scheme for Work Allocation.** The Evaluation Procedure is explained in detail in **Section 7 – Bid Opening and Evaluation.**
- The selected MSP(s) shall commence work within 30 days of award of contract. The work of data entry should be completed within six months starting from the 31<sup>st</sup> day after the award of contract. The overall duration of project will be of 2 years.
- The responsibilities of the selected Bidder(s) will include the following:
  - i. Identify and set up all necessary required infrastructure (including but not limited to furniture, fixtures, workspaces, computing, communication, peripherals, UPS etc..) at the **village level** for performing the demographic data digitization exercise, based on the volume of work, allocated as per the bidding process.

- ii. Leverage the services of existing CSCs, wherever available, to the extent possible;
- iii. The data quality checking is the prime responsibility of the Bidder.
- iv. At least one Supervisor should be appointed by the Bidder for every 10 Data Entry Points to carry out quality check of digitized records and accuracy of the data entered as per the data provided by the Purchaser.
- v. The bidder will provide adequate arrangements at the data entry points in Villages at District/Zone Level and reserve/make available all infrastructural facilities for the Purchaser Officials/Representatives for quality check.
- vi. The bidder will establish an office at Zone level to carry out LRUR corrections and 10% seat will be provided to the Purchaser/representative of purchaser for verification and quality check.
- vii. Obtain the scanned images of NPR schedules from the Purchaser or their representative and carry out the task of Manual data entry accurately.
- viii. Obtain the data digitization software from the Purchaser and ensure installation of the software at all data digitization units.
  - The data digitization software provided will be platform independent.
  - The data digitization software will be provided free of cost to the MSP
  - The data digitization software will provide language support for data digitization in the local language of the state.
  - Ownership of the data digitization software shall vest exclusively with the RGI. MSP shall use such data digitization software only for the purpose of data entry work which it is assigned by the Purchaser. MSP shall be responsible and liable for legal actions and damages if it does any act (e.g copying, duplicating software etc.) or omission other than data entry assignment.
- ix. Ensure data entry using the software received from the purchaser.
- x. Ensure training of own personnel (or Village Level Entrepreneurs (VLEs) in case CSCs are leveraged for this purpose) on the data digitization software as well as on the overall process and procedures with the help of training material provided by the Purchaser.
  - The Purchaser will provide the required training at NIELIT (Formerly DOEACC Society) Centres free of charge to five (5) Master Trainers from each MSP/SCA selected after the bidding process. However, a fixed charge of Rs. 500 per person shall be recovered by NIELIT (Formerly DOEACC Society) from the selected agencies for providing training material etc.
  - The Master Trainers should be selected by the MSP/SCA as per criteria to be provided by Purchaser. On satisfactory conclusion of training, a

certificate shall be provided by NIELIT (Formerly DOEACC Society) to each successful participant.

- These Master Trainers of MSP/SCA are expected to, in turn, train their own operators.
  - MSPs/SCAs should engage data entry operators only after they have been trained and certified for data entry. The certification of the operators will be done by NIELIT (Formerly DOEACC Society) after conducting a test. The test will be conducted by NIELIT (Formerly DOEACC Society) and test fee will be Rs. 500/-.
- xi. Ensure Data Entry only through persons trained and certified for data entry as provided above.
  - xii. Ensure data entry in two languages, i.e., in the local language of the State as well as in English.
  - xiii. Ensure the data digitization as per guidelines provided by RGI/DIT/the Purchaser.
  - xiv. Proper checking and verification of digitized data.
  - xv. Ensure regular backup of digitized data over an external media as prescribed in the project implementation plan.
  - xvi. Ensure secure interim storage management of digitized data.
  - xvii. Take data into an external media in the form prescribed by the Purchaser for the purpose of biometric camping.
  - xviii. Periodically, handover copy of digitized data to the Purchaser or its representative. However, MSPs shall ensure the security and safe custody of data as per the terms and conditions of the contract at **Annexure 4**.
  - xix. Assist the Biometric enrolling agencies in porting of digitized data onto the device(s).
  - xx. Perform the LRUR correction in the demographic data as per the directions given by the Purchaser.
  - xxi. Submit the complete and corrected data after LRUR corrections to the Purchaser as per the timelines prescribed by the Purchaser.
  - xxii. Ensure Interim storage management and complete security of field data and ensure secure transfers of data from the data entry location to the Purchaser's designated locations for data collection.
  - xxiii. Ensure MIS reporting of the complete work on a daily basis through the methodology provided by the Purchaser.
  - xxiv. Report, in the prescribed formats, the progress of the data digitization work and other activities related to the project in writing to the Purchaser on a weekly basis.

- xxv. Ensure complete security of the scanned images provided and the data entered and digitized at all stages and at all times before, during, and after the entire operation.
- xxvi. Prevent any unauthorized access to the scanned images provided and the data entered and digitized at all stages and at all times before, during, and after the entire operation.
- xxvii. Ensure that software and data contained/entered is at all times kept secured and free from viruses/unauthorized access/copying/editing/deleting/transmitting/ storing/ carrying etc..
- xxviii. Bidders acknowledge and accept that they shall not be entitled to any extra compensation/remuneration/reimbursements/fees/payments other than quoted rate on account of (or for overcoming) difficulties/problems. It shall be the sole responsibility of bidder to complete the entire entrusted work with quality in time.

## 4 SCHEME FOR WORK ALLOCATION

The Purchaser also recognizes that managed service provisioning requires significant financial commitments over an extended period of time and this would require a matching revenue assurance from the parties willing to make such commitments.

All pre-qualified bidders shall submit their Financial Bids [Price per demographic data digitization per person] for each zone separately they are bidding for and provide individual financial bid **in separate sealed envelopes**. All pre-qualified bidders will be classified into four tiers of financial capability as follows:

<b>Commercial Organizations (Single Bidder/Lead Bidder in case of a Consortium)</b>		<b>NGOs/Not-for-profit Organizations (Single Bidder/Lead Bidder in case of a Consortium)</b>	
<b>Net Worth (as on 31<sup>st</sup> March 2011)</b>	<b>Tier</b>	<b>Annual Turnover/Grants-in-aid (as on 31<sup>st</sup> March 2011)</b>	<b>Tier</b>
Rs. 50 Lakhs to 2 Crores	NW1	Rs. 50 Lakhs to 2 Crores	NW1
Rs. 2 Crores to 5 Crores	NW2	Rs. 2 Crores to 5 Crores	NW2
Rs. 5 Crores to 20 Crores	NW3	Rs. 5 Crores to 20 Crores	NW3
More than Rs. 20 Crores	NW4	More than Rs. 20 Crores	NW4

In case of those bidders which are empanelled with UIDAI as Enrolling Agencies, the financial capability assessed by UIDAI (F1, F2, F3 and F4) will be used such that F1 will be considered equivalent to NW1, F2 will be considered equivalent to NW2, F3 will be considered equivalent to NW3 and F4 will be considered equivalent to NW4.

The bidders will be eligible to bid for one or more zones and will be allocated work for one or more zones depending upon the criteria of **maximum bid capacity** (number of demographic records) and **maximum work capacity** (number of demographic records) as mentioned below:

<b>Tier</b>	<b>Maximum Bid Capacity (in Lakh)</b>	<b>Maximum Work Capacity (in Lakh)</b>
NW1	125	25
NW2	350	70
NW3	1250	250
NW4	5000	1000

The Maximum Bid Capacity is defined as the maximum number of demographic records (one record per person) that a bidder is eligible to bid for. Maximum Work Capacity is defined as the maximum number of demographic records (one record per person) that can be allocated to a bidder for data digitization work **including the number of demographic records already allocated against RFQ no. 0004/2011 dated 25-08-2011.** The Maximum Bid Capacity and Maximum Work Capacity may spread over one or more zones depending upon the resident rural population of various zones.

While bidding, each bidder must ensure that they bid for only those zones where total rural population is less than their maximum work capacity and the cumulative rural population of all zones that the bidder is bidding for does not exceed the maximum bid capacity of that bidder. In case a bidder is found to be bidding for zones whose cumulative rural population is higher than the bidder's bid capacity, then the entire bid of that bidder (including all quotes provided for various zones) will be rejected.

For all zones, only those bids that fulfill all the terms and conditions as mentioned in this RFQ will be taken up for further consideration. For each zone, the lowest price quoted (the price per person for demographic data digitization) shall be termed as L1 and the rest of the quotes shall be ranked, in ascending order of prices quoted, as L2, L3, L4 and so on.

In order to allocate the zones to the successful bidders, the SCA of each zone (as per the CSC Scheme under NeGP) will be given the right of first refusal for 50% of the total work of demographic data digitization for rural population of that zone provided the SCA has bid for that zone. This means that if the SCA's quoted price is more than the L1 price, even then the SCA will have the option of accepting the L1 price and doing the digitization work for 50% of the resident rural population of that zone. If the SCA accepts to match the L1 price, then 50% of the work for that zone will be allocated to the SCA and the remaining 50% will be allocated to the L1 Bidder. In case the SCA refuses to match the L1 price, 100% of the work will be allocated to the L1 bidder. However, if the number of bidders with L1 is more than one for a zone, then the work will be divided in equal proportion amongst all the L1 Bidders and the SCA (provided the SCA accepts the L1 price) and hence the actual work allocated to each L1 Bidder of a single zone may be less than 50%.

If the SCA itself is the sole L1 Bidder, then 100% of work for that zone will be allocated to the SCA. However, if there are multiple L1 Bidders (including SCA), then the work will be divided in equal proportion amongst all L1 Bidders.

The financial bids for all zones will be opened simultaneously. However, the sequencing of zones for the purpose of allocation of zones will be done as per the following criteria:

- i) For each zone, a frequency score will be arrived at based on the number of bidders for that zone and the number of zones that each of those bidders has bid for. For example, if there are three bidders for a zone and each bidder has bid for 5, 2 and 7 zones respectively then the frequency score for that zone will be  $5+2+7 = 14$ .
- ii) All zones will then be ranked from the lowest frequency score to the highest and the allocation of zones will start from the zone with the lowest frequency score. In case, two or more zones happen to have the same frequency score, then the zone with the lower population will be allocated first.

There will be two rounds of zone allocations starting from the zone with the lowest frequency score to the highest. In the first round, only the SCAs of the respective zones (as per the CSC Scheme) will be offered to match the L1 price of that zone (in case the SCA itself is not L1), provided the respective SCA has bid for that zone, in order to allocate 50% (or less depending upon the number of L1 Bidders) of the work to the SCA.

All the work allocated to the SCAs during this first round will be considered part of their maximum work capacity. Therefore, the SCAs will be able to win zones during the second round (as independent agencies) only based on their remaining work capacity. In case, during the first round, an SCA's work capacity happens to be lower than the total resident population of the zones where the agency is the SCA under the CSC Scheme, then the SCAs will still be given the offer to accept the L1 price during the first round and get 50% (or less depending on the number of L1 bidders) of the work of that zone. However, by doing so, the SCA's work capacity will stand reduced to the extent of the volume of work allocated to it. If the SCA's work capacity is fully "exhausted" at this stage, the SCA will not be considered eligible for any zones during the second round of zone allocations where the SCA might have bid for other zones as an independent agency.

Once such allocation to the respective SCAs has been completed for all zones during the first round, then the second round of allocation will start in the exact order of zone sequencing in which the first round was completed. In the second round, the L1 bidder(s) of each zone (other than the SCA for that zone as per the CSC Scheme) will be allocated the remaining work (depending upon the work allocated to the SCA and the

remaining number of L1 Bidders) provided the L1 bidder(s) does not exceed its maximum work capacity.

Once a bidder reaches its maximum work capacity, then the bidder will not be considered eligible for the subsequent zones. In such a scenario, where such bidders happen to be holding the lowest bid (L1) for any of the remaining zones, then the next eligible bidder (holding L2, L3 or next higher bid in that order) will be offered to match the L1 price in order to win that zone. In case the first eligible bidder fails to match the L1 price, then the bidder with the next higher bid will be invited to match the L1 bid. In case all eligible bidders of a particular zone fail to match the L1 price, then the actual bidder holding the L1 bid will have to accept the work for that zone irrespective of the L1 bidder's maximum work capacity as described under Section 4.

The Purchaser will have the final authority on division of physical areas in the zone between the L1 Bidder(s) and the SCA as per the proportion arrived at through the bidding process. An individual district will be the minimum unit of division between the winning parties (unless in case of unforeseen circumstances when an individual "Tehsil" will be made the minimum unit of division). The division of districts between the L1 Bidder and the SCA (if applicable) will be done in such a manner so as to reach the division percentage as close as possible. However, after attempting various combinations, if the cumulative population of all districts allotted to the individual parties does not come to be 50%, then the division of work in the zone will be done as follows:

- (i) If the SCA is not L1 and is exercising its right of first refusal for 50% of the work for that zone OR the SCA is not an empanelled "Enrolling Agency" with UIDAI as mentioned under Para 1.3.1, then the division with the higher percentage of resident rural population will be awarded to the L1 Bidder and the division with the lower percentage of resident rural population will be awarded to the SCA. For e.g., if the two divisions of a zone are coming to be 48% (consisting of 2 districts) and 52% (consisting of the remaining 3 districts) of the resident rural population, then the division with 52% of the resident rural population will be awarded to the L1 Bidder and the division with the remaining 48% will be awarded to the SCA.
- (ii) If the SCA is an empanelled "Enrolling Agency" with the UIDAI as mentioned under Para 1.3.1 and is being allocated the work as a L1 bidder and is not exercising its right of first refusal, then the L1 bidder (i.e., the SCA or the other L1 bidder) with the higher Net Worth will be allocated the larger division. The division with the remaining areas in the zone will be allocated to the other L1 bidder.

Similarly, in order to arrive at an equal division of districts amongst L1 Bidders (in case of more than one L1 Bidder) and the SCA of that zone as per the CSC scheme, proportionate number of equal divisions will be arrived at. In such a situation, the division of work in the zone amongst the L1 bidders and the SCA will be made as follows:

- (i) If the SCA is not L1 and is exercising its right of first refusal for getting equal proportion of work OR the SCA is not an empanelled “Enrolling Agency” with UIDAI as mentioned under Para 1.3.1, then the L1 bidder with the highest Net Worth will be allocated the largest division, followed by the bidder with next higher Net Worth and followed in the last by the SCA of that zone under CSC scheme (if applicable). For e.g., if for a zone there are three L1 bidders including the SCA for that zone, and the three divisions arrived at are: 35% (2 districts), 33%(2 districts) and 32% (1 district), then the L1 bidder with the highest Net Worth will get the division with 35%, L1 bidder with next higher Net Worth will get the division with 33% and SCA of the zone will get the division with 32%.
- (ii) If the SCA is an empanelled “Enrolling Agency” with the UIDAI as mentioned under Para 1.3.1 and is being allocated the work as a L1 bidder and is not exercising its first right of refusal, then the L1 bidder (i.e., the SCA or any of the other L1 bidders) with the highest Net Worth will be allocated the largest division, followed by the bidder with the next higher Net Worth and followed in the last by the bidder with the lowest Net Worth.

In all the above cases, the decision of the Purchaser regarding allocation of work and the division of physical areas in the zone amongst the bidders in case of multiple L1 bidders will be final & binding on all the bidders and no further discussion will be held with the bidders on this matter under any circumstances.

## 5 PAYMENT TERMS

- 70% of the total payments due to the MSP per zone (based on the number of 70% of the total payments due to MSP per zone (based on the number of demographic records digitized in the allocated zone) will be made upon completion and acceptance of data digitization work, as reported and as verified by the Purchaser or any agency nominated by the Purchaser on its behalf.
- The schedule for the initial 70% payments due to the MSP per zone is given as under:

S. No.	Data Digitized per zone (% age of the total volume of data as per SLA [6.1])	Number of Days	Payment (%age of total payments to be made)
1.	25%	1 to 45	20%
2.	25% (cumulative 50%)	46 to 90	20% (cumulative 40%)
3.	25% (cumulative 75%)	91 to 135	15% (cumulative 55%)
4.	25% (cumulative 100%)	136 to 180	15% (cumulative 70%)
<b>Total</b>	<b>100%</b>	<b>180</b>	<b>70%</b>

- 15% of the total payment due to the MSP shall be made upon completion of LRUR corrections in the digitized data, as reported and after necessary certifications as provided in the RFQ. This may be released after verification by the Purchaser or any agency nominated by the Purchaser on its behalf.
- The balance 15% of final payments due to the MSP per zone will be made only upon submission of completed data by the Purchaser to RGI and receiving an acceptance on completeness and the quality of data from RGI.
- The selected bidder(s) will raise invoice for records digitized within the defined time period and submit such invoices to the Purchaser to the attention of the following person:

Attention:

The Director,

National Institute of Electronics and Information Technology (NIELIT),

<Respective Centre>

(formerly DOEACC Society),

<Address of Respective NIELIT Centre>.

- The Purchaser will make all efforts to release the payment within 30 days of submission of invoice to the extent possible subject to the verification of actual work completed by the selected bidder(s).
- If the actual quantum of work turns out to be lesser than estimated one, the rates quoted shall remain unchanged.

## 6 PERFORMANCE MANAGEMENT

### 6.1 Service Level Agreement (SLA)

The selected bidder(s) will be responsible for the achievement of the SLAs mentioned below during the entire period of the contract.

S. No.	Performance Indicator	Service Level Metric	Penalty on breach of service level
1	Data Entry Completeness	All fields completely filled for each resident – in English and Local Language of the state	25% of the cost ordered per data digitization record multiplied by the number of incomplete records  PLUS  5% of the cost ordered per data digitization record each day from the day of completeness check till all the incomplete records are completed correctly and accurately.
2	Digitization target for the first day till 45th day	25% of the total volume of data digitization records in a zone	Penalty= $5\% \times C \times D1$  Where, C is the cost ordered per data digitization record and D1 is the number of records not digitized at the end of the target period (45 days).
3	Digitization target for the 46th day till 90th day	50% of the total volume of data digitization records in a zone	Penalty= $10\% \times C \times D2$  Where, C is the cost ordered per data digitization record and D2 is the cumulative total number of records not digitized as per the cumulative target at the end of 90 days
4	Digitization target for the 91 <sup>st</sup> day till 135 <sup>th</sup> day	75% of the total volume of data digitization records in a zone	Penalty= $15\% \times C \times D3$  Where, C is the cost ordered per data digitization record and D3 is the cumulative total number of records

			not digitized as per the cumulative target at the end of 135 days
5	Digitization target for the 135 <sup>th</sup> day till 180 <sup>th</sup> day	100% of the total volume of data digitization records in a zone	<p>Penalty= 20% x C x D4</p> <p>Where, C is the cost ordered per data digitization record and D4 is the cumulative total number of records not digitized as per the cumulative target at the end of 180 days.</p> <p>An additional penalty shall be levied for delay in completing 100% of the data digitization target beyond the overall cumulative target period of 180 days as follows:</p> <p>Additional Penalty= X% x C x D4 x DAYS</p> <p>Where, C is the cost ordered per data digitization record and D4 is the cumulative total number of records not digitized as per the cumulative target at the end of 180 days and DAYS is the number of calendar days taken to complete 100% of the data digitization target beyond 180 days. X is defined as follows:</p> <ul style="list-style-type: none"> <li>• Nil for 1-14 days</li> <li>• 2% for 15 to 22 days</li> <li>• 4% for 23 to 30 days</li> <li>• 10% for 31 days or above</li> </ul>
6	Quality of digitized data	100% accurate entry of demographic data as per the scanned NPR schedule without any mistakes in any of the fields	<p>25% of the cost ordered per data digitization record multiplied by the number of incomplete records</p> <p>PLUS</p> <p>5% of the cost ordered per data digitization record each day from the</p>

			<p>day of completeness check till work is complete.</p> <p>While performing sample quality check, if errors are found more than 3% of the digitized data, the complete data need to be rechecked and corrected.</p>
7	Trained and Certified Staff	100% trained and certified data entry staff as per the specifications of RGI and any additional instructions of the Purchaser.	100% of the cost ordered per data digitization record for 100 records, for each instance of records digitized by untrained and uncertified staff.
8	Quality of LRUR Correction	100% accurate corrections of all demographic records as per the LRUR correction data provided to the MSP	<p>25% of the cost ordered per data digitization record multiplied by the number of incomplete records</p> <p>PLUS</p> <p>5% of the cost ordered per data digitization record for each day from the day of completeness check till work is completed.</p>
9	Safe and secure custody of data	100% encrypted data with physical security to ensure zero unauthorized access	100% of the cost ordered per data digitization record multiplied by the total number of records found in unencrypted manner or without physical security. In addition, further action may be taken by the Purchaser against the MSP in accordance with law and as per conditions of the contract. In the event of a security breach, Purchaser reserves the right to take necessary civil/criminal actions, claim and recover such other costs and damages as may be appropriate.

10	Data transfer after the data entry operation to the Purchaser/any agency designated by the Purchaser	Zero delay in transferring digitized data to the Purchaser/any agency designated by the Purchaser from the target date	Rs X/- per day of delay in transferring the digitized data to the Purchaser/ any agency designated by the Purchaser from the target date, where X is as follows: <ol style="list-style-type: none"> <li>1. Rs 1000 per day or part thereof for 1-7 days</li> <li>2. Rs 2000 per day or part thereof for 8-14 days</li> <li>3. Rs 5000 per day or part thereof for 15 days or greater</li> </ol>
11	Presence of a representative of the data digitization MSP capable of data handling at the biometric camp	100% presence for the entire duration of the camp	Rs 2000/- per day or part thereof of absence
12	Collection of completed data for carrying out corrections, if any from the Purchaser/any agency designated by the Purchaser	Zero delay in physical collection of the completed data from the Purchaser/any agency designated by the Purchaser from the target date	Rs X/- per day of delay in collecting the completed data from the Purchaser/ any agency designated by the Purchaser from the target date, where X is as follows: <ol style="list-style-type: none"> <li>1. Rs 1000 per day or part thereof for 1-7 days</li> <li>2. Rs 2000 per day or part thereof for 8-14 days</li> <li>3. Rs 5000 per day or part thereof for 15 days or greater</li> </ol>
13	Data Transfer to the Purchaser/ any agency nominated by the Purchaser	Zero delay from the target date in transferring the completed data safely and securely	Rs X/- per day of delay in transferring of the data to the the Purchaser/ any agency designated by the Purchaser from the target date, where X is as follows: <ol style="list-style-type: none"> <li>1. Rs 1000 per day or part thereof for 1-7 days</li> <li>2. Rs 2000 per day or part thereof for 8-14 days</li> </ol>

			3. Rs 5000 per day or part thereof for 15 days or greater
--	--	--	---

## 6.2 6.2 Debarment

If at any point of time, it is found that the selected bidder(s) is not digitizing data as per specifications given by the Purchaser, then the particular bidders(s) shall be debarred from carrying out any further digitization work and other activities with immediate effect. In such cases, the Purchaser reserves the right to terminate the contract with the concerned Bidder(s) and impose penalties and take further action as deemed fit as per rules.

## 6.3 Work Re-Allocation

During the course of project execution, if a selected bidder consistently fails to meet the performance expectations of the purchaser, as determined by the Purchaser. The Purchaser reserves the right to terminate contract with the concerned bidder(s), impose penalties and take further step as deemed fit as per rules set by the purchaser from time to time. The remaining work of such bidder will be got done by the Purchaser at risk and cost of the bidder. The outgoing bidder shall be liable to pay for reallocated work to new bidder at the rates finalized by purchaser. The bidder(s) agree and acknowledges that such rates may be higher than the rates quoted by L1. The Purchaser shall be entitled to recover/adjust/deduct such amounts payable (to new bidder) from outgoing bidder under this or any other transactions/order/contract etc. Nothing herein shall be construed as precluding the Purchaser from invoking the provisions of clause 13 [k] of Annexure 4 to this RFQ.

## **7 BID OPENING AND EVALUATION**

### **7.1 Evaluation Committee(s)**

The Evaluation Committee(s) constituted by the Purchaser shall evaluate the financial Bids as per standard procedures.

The Evaluation Committee (s) shall at its own discretion have the authority to disqualify any or all bid(s) that it finds to be inappropriate without giving any reason/justification to the bidder.

The decision of the Evaluation Committee(s) on any of the above matters will be final and binding on all the bidders and no further discussion/interface will be held with the bidders whose bids are disqualified/ rejected.

### **7.2 Bid Opening and Evaluation**

The financial evaluation of the bids will be taken in to account on the basis of the information supplied by the bidders in their financial bid (as per format in **Annexure 2, Format of Financial Bid**) as well as all other relevant documents submitted by the bidder.

The Evaluation Committee(s) shall evaluate all documents (Certificate of Incorporation from Registrar of Companies, Letter of Association in case of Consortium, Auditor Certified financial statements, Proof for Organization PAN, VAT/ Service Tax number etc.) submitted by the bidder and may disqualify any bidder whose documents are not found to be in order.

Post this evaluation, the bids of all 52 zones will be opened up simultaneously. Based on the price quoted by a bidder against each of the zones (that the bidder is eligible to bid for), the work will be allocated as per the work allocation mechanism described under Section 4 of this RFQ. All bids shall be subject to arithmetical checking and corrections, if any, which will be carried out by the Purchaser. Ranking of bids as L1, L2 ... will be decided thereafter.

### **7.3 Signing of Contract**

The selected bidder(s) shall be required to enter into a contract with the Purchaser, within fifteen (15) days of the award of the contract or within such extended period, as may be specified by the Purchaser.

This contract shall be on the basis of this document and such other terms and conditions as may be determined by the Purchaser, to be necessary for the due performance of the work, as envisaged herein and in accordance with the Bid and the acceptance thereof.

## 8 INSTRUCTION TO BIDDERS

### 8.1 Submission of Bids

1. The Bid Document (referred to as “the Bid” in this RFQ) should consist of the following documents:

S. No.	Document	Reference
1.	Letter of Intent (LoI) to submit Bid in response to RFQ Invitation	As per Annexure 1, Format of Letter of Intent to submit Bid in response to RFQ Invitation
2.	RFQ Document Fee Demand Draft	Section 1.1, point 11
3.	Earnest Money Deposit (EMD)	Section 1.1, point 12
4.	Financial Bid	As per Annexure 2, Format of Financial Bid
5.	Power of Attorney for Authorized Signatory	Bidder/Lead Bidder of Consortium to provide as per Legal format for PoA
6.	This RFQ document	
7.	Annexures to this document	
8.	Any other corrigendum that the Purchaser might release on a later date	
9.	A Plan of Implementation for this project in the zone(s) that the bidder is bidding for	As per Annexure 8, Format of Project Implementation Plan
