NIELIT Chandigarh

Certificate Course in Web Designing

HTML & CSS

About NIELIT

National Institute of Electronics and Information Technology is an autonomous Scientific Society under the administrative control of Ministry of Electronics & Information Technology (MeitY), Government of India. NIELIT Chandigarh was established in 1978 to provide professional services in the areas of Information, Electronics & Communication Technology (IECT). NIELIT Chandigarh is engaged in development of industry oriented quality education and training programmes in the state-of-the-art areas.

About the Course

The course is designed to serve the students entering into the field of Web Designing and will impart knowledge about the basics tools of web designing, the Hypertext Markup Language and Cascading Style Sheets. It is a beginners guide to web development and requires only basic knowledge about the computers which will enable the learner to build a website.

Course Objective

The objective of the course is to teach the audience the language of the web. The student will learn the technical and coding skills to develop the website content with HTML and then apply CSS to individually style the HTML elements to create an attractive website layout. This course will inculcate skills to become a HTML and CSS coder which is a first step to become a front end developer.
