Expression of Interest for Academic partners in the emerging technologies

For Collaboration with

- A. IT Industry partners and Companies with Domain Expert
- B. Organisations in Capacity Building & Training in the emerging technologies

OBJECTIVES OF THE EXPRESSION OF INTEREST (EoI):

The overall objective of this EoI is to invite the reputed partners with proven capabilities from Educational Institutions, Colleges to collaborate with NIELIT Guwahati in capacity building & training in the emerging areas to roll out NSQF aligned courses and enhance the placement opportunities for students, through the industry friendly NIELIT courses designed in consultation with Industries and Academia.

Hence, NIELIT invites EoIs through online process from reputed Educational Institutions, Colleges (hereafter referred as 'Institutions') which are in capacity building/training business in the emerging areas such as Cyber Security, Blockchain, IoT, 3D Printing, Big Data Analytics, Cloud Computing, Artificial Intelligence, Robotic Process Automation, Mobile Tech, Virtual Reality along with other IECT areas.

Modus operandi for Collaboration:

- A. To create an ecosystem for conduction of the high-end courses of NIELIT in the partner organisations by NIELIT Guwahati for generation of employable skilled manpower.
- B. Infrastructure of the institutions will be used by NIELIT Guwahati for conduction of the courses for which NIELIT Guwahati will pay a rent for the hired infrastructure or manpower in a mutually agreed term.

Mutual benefits out of the collaboration:

Collaboration of NIELIT Guwahati with the organisation(s) is expected to be a balancing act in which everyone has a win-win situation. The benefits could be envisaged as stated below:

- I. Brand creation for both the parties.
- II. It would help the institutions to register their effective presence in the emerging technologies.
- III. It would facilitate enhanced placement opportunities for students, as the selection of the courses/ training programmes would be based on the industry requirement and industry would get skilled workforce suited to their requirement from day one of the employment.
- IV. It would facilitate the reach of the latest emerging technologies to wider sections of the Society
- V. It would be able to reap financial benefits / funding.
