Message from the Director (I/C)

Welcome to NIELIT Kolkata, one of the oldest Centres among all NIELIT offices in the country and a paradise of learning in the field of Information, Electronics and Communications Technology (IECT) resulting in Digital Literacy, Skill Development and Capacity Building towards a Digital Society. Since its inception in 1976, NIELIT Kolkata has established itself as a premier institution providing affordable quality education as per the job market requirements for candidates from all over India. Apart from these, we also offer customised courses for Government and Corporate clients. As a committed and dedicated institute, our aim is to provide quality computer training/services that exceed the expectation of our students. Apart from formal courses on Cyber Security, we offer various NSQF aligned Skill Oriented short and long-term courses starting from Digital Literacy courses (ACC, BCC, CCC, CCC Plus, ECC, etc.) to specialised courses like Data Science, AI, IoT, Multimedia and Animation Technology 'O' Level, ESDM, etc. as per industry demand leading to skill development in the area of IECT. Our Centre is also reaching out in rural areas by implementing the Capacity Building initiative of NIELIT for weaker section of the society, funded by Govt of India. We have started a cluster of Centre of Excellence in new emerging areas for Future Skills PRIME capacity building projects (Blockchain, Data Analytics, AR/VR, Robotic Process Automation, Cyber Securities, IoT, etc.) of Ministry of Electronics and Information Technology (MeitY), Government of India. The basket of activities of NIELIT Kolkata is further augmented by the wide range of projects that it undertakes. NIELIT has demonstrated its capability and capacity to undertake R&D projects, consultancy services, turnkey projects in office automation, software development, website development etc. In all training courses, our goal is to maintain a learner-centric focus towards producing competent professionals in Computer Science and Electronics and Communication technologies contributing towards the development of new technologies to achieve our Vision by contributing towards the welfare of entire mankind.

Table of Contents

1. Introduction to NIELIT Kolkata

NIELIT Kolkata(formerly DOEACC Society Kolkata Centre since 14.12.2002 and prior to that Regional Computer Centre (RCC), Calcutta) is one of the oldest IT houses in eastern region imparting IT Education and Training for more than 40 years. The Centre was established in 1976 as a Registered Scientific Society (Autonomous Body) by the Central and West Bengal Governments.

In December 2002, RCC, Calcutta, was merged with DOEACC Society — An Autonomous Scientific Society of Department of Electronics & Information Technology under Ministry of Communications & Information Technology, Govt. of India. The Society has its Headquarters at Dwarka, New Delhi and pan India presence of more than fifty (50) offices. It is also well networked throughout India with the presence of about 700+ institutes.

NIELIT is making efforts to bridge the 'digital divide' through skill development leading to the employability of the youth. We also provide betterment schemes for the marginalized sections of the society. Accreditation and Registration processes have been simplified by self-certification of documents, which has considerably reduced the processing time.

Model Career Centre (MCC) has been set up at NIELIT Kolkata under the National Career Service Scheme of the Directorate General of Employment. It is a historic step which would facilitate the youth from all sections of the society to take advantage of career guidance, counseling services and also conducting several job fairs.

The basic objective of NIELIT Kolkata is described below:
    i. To carry out human resource development related activities in the area of Information Electronics and Communication Technology (IECT) which would enable employment generation and IT-led economic growth.
    ii. Capacity building through various programmes such as Blockchain, Bigdata, Machine Learning, Data Analytics, AR-VR, Cyber Security, Solar Technology, Multimedia etc.
    iii. Capacity building through e-Governance to enable Citizen Centric Services, empowering through Digital Education by using the services of the Centre, accredited institutes and CSCs.
    iv. Development of several software for National level projects-Agricultural Census, NPR, Livestock, etc.
    v. Assist the aspiring youth for their career either by assisting job plan or grooming to be future entrepreneur
