

ESDM Course Syllabus

Download Link:

1. [Repair & Maintenance of Power Supply, Inverter & UPS](#)
2. [CHM - O Level](#)
3. [CHM - A Level](#)
4. [Diploma in Installation & Repair of Consumer Electronics Products](#)
5. [Repair & Maintenance of ECG and ICCU equipments](#)
6. [Repair and Maintenance of Imaging Equipment \(X Ray & Ultrasound machine\)](#)
7. [Repair & Maintenance of Dental Equipment](#)
8. [Certificate Course in Electronic Product Testing](#)
9. [Assembly & Maintenance of Personal Computer](#)
10. [Solar-LED Lighting Product \(Design and Manufacturing\)](#)
11. [Installation Repair and Maintenance of Home Appliances](#)
12. [Telecom Technician- PC Hardware and Networking](#)
13. [Installation & Maintenance of Photocopiers and Printers](#)
14. [ESM - 1 Electronic Production Technician](#)
15. [Certificate in Robotic Programming and Maintenance](#)
16. [Automation Technology- Basic Level](#)
17. [ESD – 1 Electronics Product Design Support Engineer](#)

18. [ESM– 2 Electronic Product Supervisor](#)
19. [3 D Scanning and CNC Routing Engineer \(Level 5\)](#)
20. [Additive Manufacturing/3D Printing](#)
21. [Automation Technology-Advanced Level](#)
22. [Embedded System Design using 8-bit Microcontrollers](#)
23. [Post Diploma in VLSI Design, Tools and Technology](#)
24. [Diploma in Repair & Maintenance of Industrial Instrumentation & Automation System](#)
25. [Post Diploma in Repair and Maintenance of Hospital Equipment](#)
