

I4C Sponsored Training Programme on Digital Forensics Concluded at NIELIT Tirupati

The National Institute of Electronics & Information Technology (NIELIT), Tirupati, successfully organized a **three-day training programme on “Advanced Enterprise Digital Forensics and Incident Response”** under the **Indian Cyber Crime Coordination Centre (I4C), Ministry of Home Affairs, Government of India.**

The programme was conducted in **three batches**, witnessing enthusiastic participation from a total of **74 participants** (Batch 1: 18, Batch 2: 22, Batch 3: 34). It aimed at enhancing practical knowledge and skills in **digital forensics, cyber crime investigation, and incident response mechanisms.**

The **first and second batches** were inaugurated by **Smt. A. Padmalatha, Deputy Superintendent of Police**, along with **Sri D. Kondaiah Naidu, Deputy Superintendent of Police**, who emphasized the growing importance of cyber security and digital investigation capabilities.

The **third batch** concluded with a valedictory session graced by **Chief Guest Prof. Chippada Appa Rao, Rector, Sri Venkateswara University**, who highlighted the significance of advanced forensic techniques in tackling cyber threats.

This initiative reflects NIELIT Tirupati’s commitment to strengthening **cybersecurity awareness and capacity building** in line with national priorities.
