January 19, 2015

OFFICE MEMORANDUM

The undersigned is directed to refer to this Office' letter of even No. dated May 19, 2014 on the subject mentioned above and to say that despite clear instructions, the information pertaining to various activities is not updated on the website of various NIELIT Centres. The issue was also discussed during the recently held Directors Meet on 3-4 December, 2014 and it was decided that the websites should be regularly updated and the temporary websites created for specific purposes should be closed immediately after the purpose is served and in case it is not possible to close such websites the same should be updated regularly.

2. It is reiterated that website is an important tool for disseminating the information to the masses being served by the organisation and hence availability of obsolete information on website may result in public at large getting misguided and thereby being subjected to avoidable inconvenience. All NIELIT Centres are, therefore, once again advised to regularly update their websites and close the websites which are no more required.

3. It has further been observed that the information required to be published on the website as per the Provision of RTI Act 2005 should invariably be published and regularly updated from time to time.

[S.C. Dhyan]
Dy. Director [P&A]

To,

The Directors / Directors-in-Charge,
All NIELIT Centres.
