Subject : International Day of Yoga 21st June, 2021- Regarding

Yoga offers numerous rewards that improve our health and secure us peace of mind. It improves our performance at workplace, has a positive impact on our personal relationships and helps us to maintain harmony with the surroundings in which we live. Yoga has something to offer to everyone, be it a hopeful child, an aspiring youth, a parent, or senior citizens. IDY is already the country's greatest mass movement for public health, and participating in it is an inspiring way to get introduced to Yoga. The objective is to build an enduring public interest in Yoga, by highlighting its importance and contribution as a significant asset for improving public health and emotional wellness, inspire the people to continue the practice of Yoga beyond.

2. As is well-know, the 7th International Day of Yoga falls on 21st June 2021. The observation of IDY started in 2015, following a decision of the United Nations to observe 21st June as the day dedicated to Yoga. It is matter of pride to all Indians that this decision came at the behest of the Hon'ble Prime Minister of Indian, who proposed this in his speech to the UN General Assembly in September 2014.

3. IDY is for all of us. Just like IDY 2020, IDY 2021 will also be a COVID 19 – compliant event, based on the prevailing directions of the Gol and concerned State Govt/UT at that point of time, as the situation continues to evolve.

4. In order to make the IDY – a nation wide campaign for public health, it is requested that necessary action may be taken on the list of activities proposed for observance of IDY 2021 and action report in the matter may also be submitted in this regard.
