12. The Committee was also apprised that DoSEL had submitted list of twenty (20) NSQF aligned and approved qualifications for deactivation in the schools. The details of the qualifications were analysed in detail and found that there was a scope of keeping these qualifications active by appropriately tweaking these qualifications to meet the requirements of running them in the schools in consultation with the concerned domain ABs/SSCs. The Committee decided that a meeting be convened with all the stakeholders including all concerned ABs/SSCs with DoSEL/PASSICVE on 27<sup>th</sup> May 2022 to discuss threadbare any issue and decide the relevance of these 20 qualifications and accordingly include the relevant ones in the Minutes of the Meeting of the 19<sup>th</sup> NSQC.

13. The Chairperson, NSQC also suggested that as a part of NEP 2020 implementation plan a detailed account of all NSQF aligned and approved qualifications of various sectors which are relevant for schools, may also be discussed and presented before the next NSQC. He further emphasised that keeping in view the vision of the Government to include the aspirational and future skill qualifications in the school education, all awarding bodies should develop those qualifications in NSQF format for alignment and approval and submit them in the next two upcoming NSQCs so that the training can commence in the skill ecosystem as well as the relevant qualifications can be included in the school education with or without necessary

tweaking.

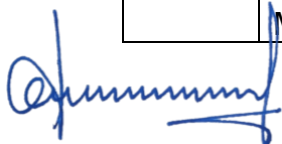

**Agenda Item 05: Re-alignment and Rationalization of NSQF Level & Notional Hours of NSQF Aligned & Approved Qualifications for Implementation in School Education**

14. The Committee was informed that some Awarding Bodies/SSCs have approached the NCVET regarding the difficulties in implementing the NSQF (Level 4) aligned and approved qualifications under the Samagra Shiksha Abhiyan as the notional hours of NSQF level 4 (more than 400 hours) approved for a particular qualification does not fit into the school time-table precluding some of the most popular, aspirational and future qualifications from being offered in the schools.
15. Keeping in view that only those qualifications which are of NSQF level 4 and below applicable for implementation under the school education programmes, all such NSQF (Level 4) aligned & approved qualifications having notional hours of more than 400, were proposed be revised/rationalized up to 400 hours to suit the requirement of the school system under the Samagra Shiksha Abhiyaan.
16. The Committee also proposed that to bring parity between the trainees doing such courses in schools vis-a-vis various accredited and affiliated Training Centres of the respective Awarding Bodies, the level of such qualifications being run in the schools under Samagra Shiksha may have to **be brought down by 0.5** and that the students having acquired such qualifications under Samagra Shiksha and desirous of pursuing these job roles as their career in future, will have to undergo upskilling to be able to come up to the requisite NSQF level which has been assigned to that original qualification.
17. The Director DoSEL apprised the Committee that all such NSQF aligned and approved qualifications which have **NSQF level 3 with notional hours up to 400** can be run in classes **9<sup>th</sup> and 10<sup>th</sup>** and those of **NSQF level 4 with notional hours up to 600** can be run for **classes 11<sup>th</sup> and 12<sup>th</sup>**. This will help resolve all issues with regard to the availability of time for some of the most popular, aspirational and future qualifications to be offered in the schools.
18. The Committee appreciated the policy promulgated by the DoSEL and requested NCVET to organize meeting on 27<sup>th</sup> May 2022 to reconsider the 20 qualifications regarding which a request has been made by DoSEL for their deactivation as also consider other NSQF aligned qualifications, including future qualifications, for integrating them in the school education.

**Agenda Item 06: Proposal for Withdrawal of NSQF Aligned & Approved Qualifications**

19. The proposal of two (02) approved qualifications, one each of SPEEFL-SC and SCPwD were submitted for withdrawal and **was approved by the Committee**. Details of the two qualifications are as under:

Sl. No.	Qualification	Awarding Body	Remarks

21. **The Committee approved the deactivation and archival of the above-mentioned qualifications.** The committee further gave a direction that since deactivation of qualification is a continuous process, it should be considered as a generic order for processing the request of the awarding bodies for deactivation of their qualifications along with substantial reason and processed 'on file' for approval and subsequently brought before NSQC for information.

Details of qualifications recommended for deactivation are at **Annexure-IV**.

### **Agenda Item 08: Ratification of two Qualifications submitted by NIELET**

22. The Committee was informed that NIELET had submitted two (02) qualifications namely 'O Level' (IT) and 'A Level' (IT) in the 2nd NSQC held on 22.09.2020 and were approved by the Committee.
23. However, after the revised standardized NSQF norms approved vide 16th NSQC and issued in the ecosystem, NIELIT had revised/rationalized these qualifications by carrying out changes in the entry requirements, NSQF level and notional hours (i.e., multiples of 30) as per the new norms and resubmitted the qualifications with a request for according to urgent approval and was approved 'on file' as per the laid down policy.

The Committee **ratified** the proposal.
